Effective 1 July 2020
Updated 20 July 2020
PURPOSE

The Office of Sport (the Office) is working closely with government agencies to provide guidelines and principles for sporting organisations to recommence activity in a safe manner, in adherence with the current NSW Public Health Orders (the Health Order) issued by the NSW Minister for Health. These guidelines and principles will also assist the Office in determining what activities will be permitted at the Sydney International Equestrian Centre (SIEC).

This procedure document outlines the mandatory steps to prevent infection and control of COVID-19, based on NSW Health recommendations. This document is an operational protocol for SIEC staff and users setting out how SIEC will operate under the current Public Health (COVID-19 Restrictions on Gathering and Movement) Order (No 4) 2020 dated 30 June 2020.

The Public Health Order requires

- a maximum density of one person per four square metres other than for the specified exempt gatherings or recreation facility (major), as defined in the PHO.
- the organiser of a community sporting activity must ensure that a gathering for the activity involves no more than 500 participants.
  “Participant” includes:
  a) a person engaged in the sporting activity, and
  b) an official involved in the conduct or organisation of the sporting activity, and
  c) a spectator of the sporting activity
- the organiser to keep a record of name and a mobile number or email address for all staff, volunteers, participants, spectators and contractors attending community sports activities, for a period of at least 28 days.
- the organiser of a community sporting activity that involves a gathering of more than 20 participants must –
  a) develop and comply with a COVID-19 Safety Plan that addresses the matters required by the COVID-19 safety checklist approved by the Chief Health Officer for community sporting competitions and published on the New South Wales Government website (Safety Plan for community sporting competitions) and
  b) keep a copy of the COVID-19 Safety Plan and make it available for inspection by an authorised officer as requested.

Variations from this Procedure must be approved by the Director Greater Sydney Region, or the Executive Director, Regional Delivery.

The following set of procedures has been developed to

implement the Public Health (COVID-19 Restrictions on Gathering and Movement) Order (No 4) 2020 of 30 June 2020 and the NSW Government COVID-19 restrictions on people that have attended of the known locations where a COVID-19 case has occurred.
